

UNIVERSAL FOREST PRODUCTS

Document: Receipt and Domestic Return Receipt
• Receipt and Domestic Return Receipt sent to and received by Universal Forest Products, 11/14/88

Document: Response to Information Request Letter
From: Matthew J. Missad
The Universal Companies
2801 East Beltline
Grand Rapids, Michigan 49505
To: Ms. Susan Swales
Date: 11/29/88
Summary: Response to information request. Envelope attached. Universal Forest Products is involved in lumber distribution, remanufacturing, and preservative treating of lumber.
• Universal is involved in building roof trusses, trimming and ripping lumber, distribution of lumber and building products, preservative treatment of lumber and general office and clerical work.
• Manufacturing processes employed involve various saws, truss presses, banding equipment, sorting and stamping equipment, and preservative treatment equipment.
• The waste generated are wood scraps, saw dust, paper, metal, general office wastes, and waste sludge from wood preservative processes.
• All non-hazardous wastes are disposed of with non-hazardous waste haulers and carriers. All hazardous waste is handled by hazardous waste authorized carriers and taken to EPA approved hazardous waste facilities.

UNIVERSAL FOREST PRODUCTS (Continued)

Document: Response to Special Notice Letter
From: Matthew J. Missad
The Universal Companies
2801 East Beltline
Grand Rapids, Michigan 49505
To: Ms. Debbie Fript
Date: 09/12/90
Summary: Response to a letter from Robert J. Bowden stating that Universal generated or transported hazardous substances that were disposed of at the site. Letter states that EPA was previously advised that Universal had not transported any waste to the site.
